An act to amend the Arkansas Code regarding the  
definition of "practice of optometry"; providing that the  
definition of "practice of optometry" is amended to permit  
licensed optometrists to use ophthalmic lasers for the  
following surgical procedures: perform injections  
(excluding intravenous or intraocular injections), incision  
and curettage of a chalazion, removal and biopsy of skin  
lesions with low risk of malignancy (excluding lesions  
involving the lid margin or nasal to the puncta), laser  
capsulotomy, and laser trabeculoplasty; providing that  
licensed optometrists continue to be prohibited from using  
ophthalmic lasers for surgical procedures other than those  
previously identified, performing cataract surgery,  
performing radial keratotomy surgery, and selling  
prescription drugs; providing that the State Board of  
Optometry has the power and duty to establish  
credentialing requirements for a licensee to administer or  
perform the following procedures: injections (excluding  
intravenous or intraocular injections), incision and  
curettage of a chalazion, removal and biopsy of skin  
lesions with low risk of malignancy (excluding lesions  
involving the lid margin or nasal to the puncta), laser  
capsulotomy, and laser trabeculoplasty; providing that the  
State Board of Optometry shall require every optometrist  
who meets the requirements for certification to perform  
authorized laser procedures to report to the board  
regarding the outcome of the procedures performed in a  
format as required or directed by the board, and these  
reports shall also be sent to the Department of Health; this
